NIEPOORT THE SENIOR TWANY PORT

€29.00

Regarding the wine, Senior Tawny spends most of its time ageing in small barrels in the Niepoort lodge in Vila Nova de Gaia. The small barrels enable a soft and light contact with air through the pores of the wood, which results in a slow oxidation process over the years. Senior Tawny is an elegant port with a subtle expression, a light color and a range of flavors and aromas that are based on red fruit tones. The wine must age and this slow oxidation gives it a kind of respectability the Seniority of Port.
