FREIXENET ICE CAVA

€10.90

Freixenet ICE is the new refreshing way to drink cava. With its enigmatic bottle design and enticing serve over ice, it's the perfect extra refreshing aperitif drink or perfect for relaxed dinners with friends. This is a cava that talks Mediterranean spirit wherever you are. This is a delicious 'semi seco' cava - meaning it is slightly sweeter and richer to balance the chill of ice so that the taste of our wine is not diluted. Expect fine and creamy bubbles, with peach and ripe pear flavours, flower notes and hints of tropical fruits.
