MONTES ALPHA CABERNET SAUVIGNON

€20.00

With its usual ruby-red color, this Cabernet Sauvignon strongly shows its Colchagua DNA with potent notes of ripe red fruits, cherries in syrup, blackcurrants, and a touch of jam. Its 12 months in contact with French oak lent complexity with clear dairy notes, a touch of nutmeg, and rich toast. Like the best Cabernets, a touch of tobacco is intermingled with its fruity character. The palate is well balanced with round tannins, good general structure, and a long and elegant finish that required diverse fermentation techniques such as a submerged cap, which allows us to extract color and tannins very gently.
